For tomorrow's call with the Poarch, I just confirmed that Teams is expected to work, and the two participants are still Kristi Weatherford (Environmental Director) and Chris Head, an Environmental Specialist.

The Poarch do not have specific topics to discuss, and have not engaged in many, if any, consultations before, so this is a new process for them. Ms. Weatherford indicated that an overview of assumption would be helpful, so we will proceed with the plan for me to give the overview/CWA slides Kelly presented for the informational webinar, and Michael will present the NHPA slides.

The run-of-show and slides are attached.
